

Accepting your study place

Another prerequisite for enrollment is the **acceptance of the study place**. To accept your study place click on the button *Accept study place offer* in TUMonline under the menu item *Study Place*.

Please accept your study place in TUMonline as soon as possible. You can accept the study place by the enrollment deadline. But we recommend you do so before the semester begins, to complete the enrollment process by the deadline.

If you do not wish to begin your studies this semester, you must reject your place and reapply for your desired semester.

Enrollment Deadlines

Since registration for courses is only possible after full enrollment, students should accept their study place and enroll as soon as possible after they have been admitted.

Current deadlines (2024/25)

- for **winter semester 2024/25**: until 15.11.2024
- for **summer semester 2025**: until 27.05.2025

[<https://www.tum.de/en/studies/application/application-info-portal/dates-periods-and-deadlines>](https://www.tum.de/en/studies/application/application-info-portal/dates-periods-and-deadlines)

Disenrollment from the university occurs automatically at the end of the semester, in which the final graduation documents are completed. This only applies if the student had continued

enrollment for this semester. Please find more information about this on our website here:

<https://www.tum.de/en/studies/graduation/disenrollment>

ENB / Information on Irreversible Failure of a Degree Program (ENB)

After the Examination Committee determines “irreversible failure” of a degree program, you will automatically receive an official Notification of Irreversible Failure.

If you would like to disenroll from the degree program before receiving your examination notification, you can file an [application](#) at the Admissions and Enrollment Office. By doing so, you do not avoid disenrollment for academic reasons, i.e., for irreversible failure of a degree program.

Studies at another university

To apply to or register with another German university or college, you need proof disenrollment. You can print this out yourself in TUMonline; the download is available as soon as the disenrollment has been processed. You must inquire at the universities to which you intend to apply whether you are permitted to study the same academic subject. In the Hochschulkompass (University Compass), you can research degree programs and universities.
